OBJECTIVE

A team player, fast learner, and enthusiastic web developer, I hold a degree in Information Technology and have experience in translating PSD designs into responsive front-end websites. I seek to secure a position of Front End Web Developer and hope to share my knowledge and skills with your team and valuable clients.

EDUCATION

BS Information Technology | University of Santo Tomas

2013-2017

Dean's Lister

Secondary Education | St. Scholastica's Academy

2009-2013

EXPERIENCE

On-the-job Training | Rivan IT Training Systems

2016

- Assist on setting up router and switches used on bootcamps
- Create a 4-day bootcamp report/summary
- Assist bootcamp students on fixing issues.

Front-end Web Developer and Trainer | Fullstack HQ Inc.

2017 – 2020

- Transform complex PSD layouts into HTML/CSS and Javascript templates.
- Create responsive websites
- Build websites using Wordpress and ReactJS
- Train new developers and help them familiarize and apply coding standards and techniques

Office Staff | Shell Guagua

2020 – 2021

- Record information as needed
- Update paperworks and maintain documents
- Maintain supply inventory
- Perform general office clerk duties and errands
- Carry out basic bookkeeping

SKILLS

- HTML/CSS, SASS, JavaScript/Jquery, Bootstrap
- Wordpress, ReactJS, GIT
